What is KidsQuest USA and Character Connex?

KidsQuest USA is three night kids outreach event performed using the KidsQuest USA kit. The kit is a pre-packaged outreach event complete with scripts, costumes, props, and sound effects. The event is designed to help you reach the children of your area, to then for you to partner with other needy churches, Indian reservations, military installations, and inner-city ministries and help them reach the children of their area.

Character Connex is our new school assembly program that local children's pastors, leaders, and teams can use in their public schools. The Character Connex program will include all the necessary scripts, props, videos, and background tracks to present the program. We will be doing training for our first four assemblies: Kindness, Loyalty, Respect, Responsibility. Only trained teams will be allowed to use Character Connex.
