The concept of *KidzMax Live* is simple—churches learn how to produce a one, two, three, or four-day children's outreach event right in their communities. *KidzMax Live* will inspire your volunteers, excite your kids, and give families everywhere an opportunity to be presented with the salvation message in a fun and powerful way. Everything you need to produce an event comes prepackaged in the *KidzMax Live Kit*. It contains scripts, props, illusions, a full-body Puppettume named Max, staging, video backgrounds, and more. A *KidzMax Live* event is so easy to produce, any church can do it! What's more—it doesn't take a lot of volunteers. So what are you waiting for? Take your children's ministry "to the max" with a *KidzMax Live* event right away!
